

MST350

45-degree Mitre Saw + 3-pad Polisher

This revolutionary machine combines the brawn of a heavy-duty miter saw and the finesse of a 3-head flat edge polisher, all-in-one. This workhorse of a machine is perfect for shops with little extra space.

MST350

45° Mitre Saw + 3-pad Polisher

This revolutionary machine combines the brawn of a heavy-duty mitre saw and the finesse of a 3-head flat edge polisher, all-in-one. This workhorse of a machine is perfect for shops with little extra space.

DETAILS

- A rigid structure to eliminate vibrations, ensuring a straight edge on miters
- Retractable alignment bar for easy loading
- 8 pneumatic cylinders to hold the stone firmly in place
CNC Control Centre

TECHNICAL DATA

Min. polish wheel diameter	95 mm/3.74 in
Max. workable length	3500 mm/138 in
Max. workable thickness	70 mm/2.76 in
Tool change positions	10 number
Motor speed	0-3500 rpm
Max. speed	0-75 m/min/0-300 in/min
Overall dimension	5800,2600,2000 mm/228,102,78.8 in
Total weight	2200 kg/4850 lbs
Water consumption	10-20 l/min/2.6-5.2 gal/min
Water pressure required	1.5-2 bar / 21-22 psi
Compressed air required	10 l/min/2.6 gal/min
Air pressure required	6 bar / 87 psi
Max. install power	10 kw / 13 hp
Power requirements	10 kw / 220 v / 2phase
